

Drum & Roller repair

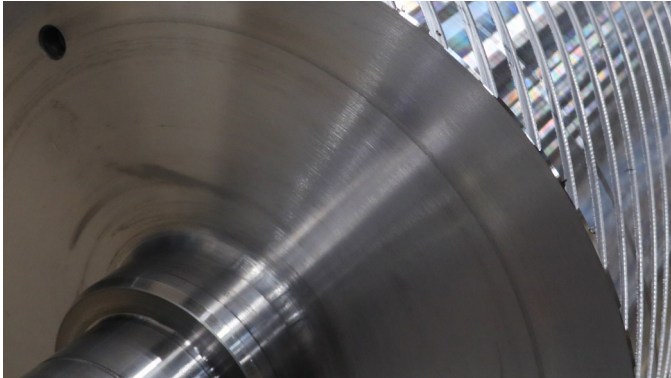

Refurbish your drums

steinemann

„All our repaired contact drums
have a full 24 months' warranty.”

Drums and rolls which can be refurbished

- ▷ Contact drums
- ▷ Tension drums
- ▷ Counter-pressure drums
- ▷ Transport rolls

Drum repair

- ▷ Check if your drum is qualified for the repair program:
contact us as your drums must have a
required minimum diameter.
- ▷ If the drum is qualified,
send it to Steinemann Technology.
- ▷ Our specialists will inspect the drum and
determine the required repairs.
- ▷ We will refurbish the drum according to
Steinemann Standards.
- ▷ Refurbished drums are as good as new – our repaired
contact drums carry a full 24 months' warranty.

What we offer

- ▷ Rebuilding, retuning and regrinding of drum body
- ▷ Repair of bearing seats, including new chrome coating
- ▷ Milling grooves
- ▷ Application of Steinemann Arctech® coating for an
extended lifetime
- ▷ Balancing drums for a vibration-free run
- ▷ Grinding of concave drum surface for special applications
- ▷ Refurbishing of bearing housings, including the
assembling onto drum for a quick mounting in the machine
